Marcin Cholewka

FRONTEND DEVELOPER

✉ mcholewka@icloud.com   📍 Katowice, Poland   📞 733 382 725

Profile

I am front-end developer with a thorough understanding of React.js and its core principles, as well as database design and front-end layout styling. I possess strong communication skills with excellent interpersonal effectiveness, in one-on-one and team interactions. In the last years, I've gained experience in designing and implementing high quality, elegant SaaS software for web and mobile applications.
